

UWELL CROWN X Pod System (CRC)

UWELL CROWN X Pod System boasts max. 60 w, 0.3 Ω coil, delivering an ultimate DTL vape with bigger clouds and more intense flavor to users. The Boost Mode always ensures constant output, supporting consistent flavor from the first puff to the last. There is a 66% increment in coil lifespan up to *30 days compared with regular coils in the pod system. The 0.96" TFT color display allows for a more immersive visual experience, while a 1500 mAh battery and 3.3 ml e-liquid capacity make the vaping journey powerful and enduring without any anxiety.

About UWELL CROWN
